Cable stripper, 400-kit, 6.0mm (Draka cable FTTH) , Ripley Miller

Description

This handy cable cutting kit from Ripley Miller is specifically designed to strip 6.0mm draka cables. It comes complete with housing and replacement blades. The double blades of the draka pliers easily cut through the sheath (lengthwise) and provide an accurate depth of cut. Can also be applied when making a window cut. These pliers are also called cable splitter.
