Cable stripper/cutter 921, multi-wire, Ripley Miller

Description

The compact and lightweight Ripley Miller 921 cable stripper is a multipurpose tool for cutting, stripping, and pulling wires. Cushioned handles provide comfort, and an automatic return spring reduces hand strain. All of the stripper's cutting edges are precision-formed, hardened, tempered, and sharpened to ensure a clean strip every time. The stripper also features a locking mechanism for safe operation at all times.
