Glass fibre stripper, MSAT16, Ripley Miller

Description

This fibreglass stripper from Ripley Miller is safe, compact and ergonomically designed to sit comfortably in the hand for easy operation without risk of injury. The stripper has 16 unique diameter settings suitable for loose tubes from 1mm to 3mm. Convenient built-in sizing channels quickly determine the correct setting for a wide variety of loose tube cables. The fibreglass stripper features a self-aligning, easy-to-load buffer tube channel that supports the tube. It is lightweight and durable. It also has a spring, which ensures that the tool does not need to be locked or clamped during use. The stripper's stainless steel blades require no adjustment and are easy to replace.

Brand

Ripley Miller
