Insulating tape, 19mm, black, 25m, Tesa

Description

Electrical insulating tape, suitable for insulating and marking electrical wires and for repair and bundling work. The tape is flexible and also adheres to steel and at low temperatures.

Brand

Tesa

Technical specifications

Breakdown voltage	7000 V
Adhesion	Standard

Physical specifications

Backing material	Soft PVC
Adhesive type	Natural rubber
Colour	Black
Width	19 mm
Length	25 m
Total thickness	150 µm

Mechanical specifications

Tensile strength	25 N/cm
Elongation at break	150 %

Environmental specifications

Operating temperature	Up to +90°C
Moisture resistance	Good

Classification codes and standards

Standards	IEC 60454-3-1
Approvals/Certification	VDE, IMQ, SEMKO
Environmental/substance compliance	RoHS 2.0, REACH, VOC-certified
