Water pump pliers Cobra, 250mm, Knipex

Description

The Water Pump Pliers Cobra from Knipex is a handy and versatile tool with slim, comfortable handles without a collar. It offers instant adjustment to the workpiece at the touch of a button, and its fine adjustment makes it suitable for different sizes of workpieces. The self-clamping feature ensures the pliers stay firmly in place on pipes and nuts, while the hardened teeth ensure a durable grip. With double guidance and a safe clamping protection, this is a reliable tool for a variety of jobs.
