

M00001574**Electronics side cutter, 115mm, Knipex****Description**

These electronics diagonal cutters from Knipex are used for very fine cutting of electronics and fine mechanics. The pliers have a smooth double spring, making them easy and even to open. As the cutting edges are additionally induction-hardened, the pliers have a hardness of around 60 HRC. The side-cutting pliers are optimally protected against rust, thus preventing malfunctions due to chrome chips jumping away.

Brand

Knipex

General information

Material cutting head	Special tool steel in special quality, forged, oil-hardened
Leaf hardness	At least 60 HRC
Legs	With multi-component handle
Weight	75 g
Length	115 mm
Width	71 mm
Height	48 mm
Standard	DIN ISO 9654

Technical information

Type	4
Cutting capacities semi-hard wire	Ø 0.8 mm
Cutting capacities soft wire	Ø 0.3 - 1.3 mm
	14 mm

	7.5 mm
Head width	11 mm
