

MAUNT

M00001633

Splicing tent, 200x200x190cm, yellow/white, Maunt

Description

This splicing tent is a pop-up tent without a floor, used as a work and assembly tent during, for example, splicing, excavation and installation work on site. The tent can be set up within 1 minute and protects the workplace against the weather. The tent has a large entrance with 2 zippers and 2 windows with mosquito netting. For transport, the tent is stored in the supplied carrying bag.
